

## Web Academic Platform

We have developed a web-based academic platform directed at staff, students and the general public. The platform is a turnkey system which can be customised to your needs, including database loading. It can be deployed on our servers or on a client's server. For an up and running example visit | <http://www.salfct.org>

## Increase visibility

With the Web Academic Platform, extend your institutional visibility through staff profiles, showing academic publications, qualifications and professional history.

### Publications

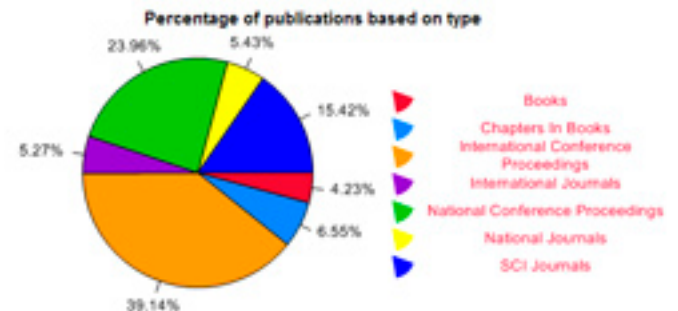

Total publications: 124  
Total SCI publications: 32  
Total SCI Impact Factor: 47.02

#### 1: SCI Journals

1. Ribeiro, A. B.; Rodriguez-Maroto, J. M.; Mateus, E. P.; Velizarova, E. & Ottosen, L. M. 2007. Modeling of electro-dialytic and dialytic removal of Cr, Cu and As from CCA-treated wood chips. Chemosphere, 66: 1716-1726 (SCI Impact factor:2.297)

## Collect insights

Get valuable metrics about academic publications. The statistics allow staff, students and the public to be better informed about your institution and help students to select project or thesis supervisors.

## Manage data

Sort information easily, including quantity and types of staff publications, reporting mechanisms, and use additional features such as a comprehensive list of Science Citation Index journals and universities of the world.
